## Writing

Time: 30 minutes

Write a short story beginning with the given phrase. You should describe an event (real or imaginary) and make the end of your story either unexpected or funny. You should write 100–140 words.

It seemed to be an ordinary day but my teacher of English asked me: „Do you want to take part in English Olympiad”. And I agreed. I've had been reading many English literature, learning words and training. This competition was very interesting and difficult. It was interesting because I had many tasks about our everyday life, our problems and opinions. But it was difficult because I had many clever and strong opponents.

Later I won this competition and got my prize. More than that I understood that I would like to become a translator.

And my relatives agreed with my choice. They said, „If I do my English better, I'll be the best translator.”

I think, translator is the most needing profession in the world. Because I'll help businessmen understand their foreign partners.

My friend is translator and I often visit with him different countries. He says that this profession isn't only interesting, but it is very difficult.
