Modern forms of communication.

Hundredof thousands years ago people communicated by voice and hand's language. But now we can just call or send the message to our friends by some taps on our smartphones. It is very great, yes.

Two months ago my grandmother bought her first smartphone. Now she call me every day, it is (~~good~~) well!

Before I and my friends go for a walk, we need to decide where we will walk, when and as many time. We use our smartphones to decide it.

Modern forms of communication become simpler, easier and faster.

But it have some negatives: now people are more angry and closer.

For example, my friends ~~are~~ more sit at home after buying their smartphones.

So I agree with opinion that Modern forms of communication has had a negative effect on social lives of people.

But with your smartphone you can play games, watching TV or films, reading books, do your homework, call, write, communicate, create beautiful photo and other.
