Hello everyone! My name is Masha and I want to tell you about one cool sciene-fiction movie. But at first I want say you that I am not science-fiction fan. Yes, it's a pity! But I like this film so much! Let's start!

Gr This film vnamed Valerian and the city of thousand stars. This film Gr about vyoung man - Valerian and about his beautiful friend - Cloe. Valerian fall in love with Cloe but she Gr isn't like him because Valerian had a lot of girlfriends at the past. Our main characters are cosmic-policemen and they are want catch a very dangerous band of bad UFO's men. And in that way there's a lot of adventures, dramas and comic situations.

I think that it's this film with you can watch with your family or friends. But you can watch it just ones. My good friend recomend me that film and I'm glad that she did it.

Good luck my friends!

Best wishes

Masha.
